| 1 | Dade | Greenfield/ Countywide | Safety/ Alignment Improvements | on Rte. 160 & 39 | From Barton County line to Rtes. MM/FF, and intersection at Rte. 39 in Greenfield | T0147<br>J0552- Fair (5) NP<br>B0409<br>A2932 - Poor (3) NP<br>A2931 - Poor (3) NP<br>A2542 - Fair (6) NP<br>A2541- Good (7) NP | 160 needs improvements throughout county;Install shoulders; freight route; "Deadman's Curve" Trucks turning over between 245 and 203; freight route; Need new bridge/ wider bridge at Kyle Creek & new railroad crossing; S curve between 107 and 115 needs something; and the Intersection at 160/39 needs to be squared | Intersection of 160/39 in Greenfield needs to be squared; currently difficult to navigate. Safety concerns with commercial truck traffic and narrow, winding roads. Installation of shoulders needed; 8 ft shoulders preferred. 160 is a freight route and the curve between 245 and 203 has seen trucks turning over. Drivers must look back to see oncoming traffic on 160. To come off of 160 and onto 39 North, driver has to cross oncoming taffic. | Intersection project had previously been planned and funded by MoDOT for improvement, but City of Greenfield at the time did not want project to be completed. New leadership would like to see project happen. 160 is scheduled for resurfaceing in FY20. County has requested that the intersection with 160/39 be restriped to see if it correct the concern. | Conducting traffic count in 2019 on curves. Several accidents occur at intersection, but wonder if they are not getting reported. |
| 2 | Dade | | Safety Improvements | on Rte. 39 | at Pennington Seed | | Need turn lane due to ingress/egress of truck traffic | | | |
| 3 | Dade | | Shoulder Improvements | on Rte. 39 | County Wide | | Install Shoulders | | | |
| 4 | Dade | Lockwood | Safety Improvements | on Rte. 97 | at Rte. 160 | | Vehicles travelling west on 160 frequently run stop sign/traffic management improvements needed | Concerns with the number of vehicles going high speeds and running stop sign. Would like a warning sign ahead of stop sign letting drivers know that there is a stop coming. Maybe a flashing light, lighted warning, etc. | | The County and City of Lockwood might be willing to cost share for a sign. |
| 5 | Dade | | Safety Improvements | on Rte. 39 | South of Limestone Creek | | Dangerous Curve/Alignment | | | |
| 6 | Dade | | Bridge Replacement | on Rte. 245 | Bridge over Little Sac River | L0396 - Fair (5) NP | Bridge Replacement/Narrow Bridge | | | |
| 7 | Dade | | Safety Improvements | on Rte. M | south Everton | | Rail Road crossing is too rough | | | |
| | | | | | | | | | | |
| 1 | Dade | Greenfield | Bike/Ped | 160/39 | From Pennington Seed to Simmons-along 160 | | Need sidewalks along 39 and 160. North side of 160 from Main to 39 first. | With the new Dollar General on 160, numerous people now walk on the highway or along the side to get to Dollar General. New sidewalks along the north side of 160 could assist with this concern. | | |
| 2 | Dade | | Bike/Ped | on Rte. 160 | from Barton to Greene County lines | | Add shoulders to accommodate bike traffic | | | |
| 3 | Dade | Lockwood | Bike/Ped | on Rte. 160 | from N Cottonwood St to N Pine St | | Extend sidewalk from elementary school to Liberty Bank on south side of street | | | |
