

Priority #	County	City	Need	Route	Location	Include bridge(s)?	Description	What problem are you trying to solve?	Status	Notes
1	Stone	SDC/Indian Point	Intersection Improvements	on Rte. 76	at Indian Point Road		Additional turn lane going west	Extend the WB Turn Lane in order reduce congestion and traffic back-ups from vehicles entering Silver Dollar City; access to lake and condos at Indian Point. Memorial Day weekend 2018, traffic was backed up to 465.	Scoping programmed in 2018-2023 STIP	SDC is potentially applying for cost-share
2	Stone/ Christian		Capacity & Intersection Improvements	on Rte. 13	from Nixa to Branson West	A6081 - Fair (6) NP A7913- Good (8) NP A7914- Good (7) NP	Continue four-lane expressway/ install passing & turn lanes	Safety concerns with accidents and people passing lake/ tourist traffic and resulting in some head on collisions. Include intersection at 248/13		
3	Stone		Capacity Improvements	on Rte. 76	from Branson West to Rte. 265		Capacity and alignment improvements; continuation of 4 lane	Include intersection of 76 and 265		
4	Stone		Safety Improvements; Low water crossing upgrades	on Rte. U	Outside Hootentown area	P0214- Good (7)	Need to raise low water slab or install a bridge.	The current slab floods frequently and requires a substantial re-route for traffic. Some residents are landlocked when it floods. This route is vital for Emergency services to access the area.		
5	Stone		Capacity Improvements	on Rte. 13	from South of Branson West to 413		Continue four-lane expressway	North from Hwy. 413/13B intersection South to Purist Lane/13B intersection		
6	Stone	Reeds Spring	US HWY Improvements	Hwy 413	Hwy 413		Need stop light or turning lane at the corner turning into Reeds Spring High School.	Traffic at the school creates dangerous situation for turning traffic.		
7	Stone		Intersection Improvements	on Rte. 13	at Rte. 86 (near Blue Eye restaurant)					
8	Stone		Intersection Improvements	on Rte. 39	at Rte. H					
9	Stone	Hurley	Safety Improvements	on Hwy A	In Hurley, adjacent to Hurley City Park	A4494- Good (7)	Raise road or install larger capacity box culvert.	Road floods frequently and doesn't allow for travel. The culvert may just need cleaned. City cleans up debris ever time it rains.		
10	Stone	Reeds Spring	Outer Road Improvements	on Rte. 13	from route 76 north to junction 248		Both sides in Reeds Spring			
11	Stone	Kimberling City	Safety Improvements	on Rte. 13	at Cove Street		Raise highway or improve stormwater;	13 currently floods during storm events		

12	Stone	Kimberling City	Intersection Improvements	on Rte. 13	at Lakeshore & 13		Need longer right turn lane on 13 and add right turn lane on Lakeshore to 13		
13	Stone	Reeds Spring	Rail improvements (freight)	on Rte. 413	in Reeds Spring		Rail Spur and Depot		
14	Stone		Capacity Improvements	on Rte. 465	extend High Road		to 376; building new road (~ 2 miles)	A new road would relieve 265 to 76 traffic and alleviate issues on 265. Take 2 lanes all the way to the Chateau	
Bike/Ped									
1	Stone	Crane	Bike/Ped	on Rte. 413	through Crane		Sidewalk Improvements	Hwy. BB from Commerce St./Hwy. 413 to College St.	
2	Stone	Crane	Bike/Ped	on Rte. 413	through Crane		Sidewalk Improvements	Hwy. 413 from Creek Ave. to Anthony St.	
3	Stone	Reeds Spring	Bike/Ped	on Rte. 413 (Main)	from Rte. 248 to elementary School		Sidewalk improvements		
4	Stone	Reeds Spring	Bike/Ped	on Rte. 76	from Yocum Road to Rte. 413 (main)		Sidewalk improvements		
5	Stone	Crane	Bike/Ped	on Main Street	from Maud Street to City Park		Sidewalk improvements		
6	Stone	Kimberling City	Bike/Ped	on Rte. 13	From Oak Dr. to Kimberling Blvd		Add sidewalks on at least east side of 13.	Safety concern with pedestrians currently walking in road. Highest area of concern is Oak Dr. to True Value store.	
Transit									
1	Stone		Transit				Expand OATS bus service; more options and schedule
